Addis Ababa,
Ethiopia.

Dear Sir/Madame,

I am pleased to recommend **Abrham Getachew Biru**, Graduated Electro-Mechanical Engineering Student, Addis Ababa Science and Technology University, Ethiopia, for your reputed Scholarship Program Application. **Abrham Getachew Biru**, has been a student in many of my classes during the past three years, so I have learned a great deal about his abilities and skill. I know he would do well if given the funding assistance opportunity to continue good education.

Due to his knowledge and great aptitude for learning, **Abrham Getachew** would be an excellent candidate for this scholarship funding. He will become a great student, and I have no doubts that his abilities and determination will continue to grow.

Thanks,

Regards,

R. Manikumar
